

Swami Ramanand Teerth Marathwada University

Nanded - 431 606, Maharashtra, INDIA

International Students' Centre

Programmes/activities implemented for international students during A.Y. 2018-19

I) Yemen Independence Day (26 September):

The university promotes values of democracy and Yemeni students celebrate their independence day annually on 26th September every year at the university. This function is celebrated with great fervor by the students.

II) Educational Tour (08.02.2019):

One-day trip to Lonar for the International Students was organized on February 08, 2019. Lonar is a world famous site for its natural crater and is a notified National Geo-heritage Monument. It is part of our initiatives to provide glimpses into the Indian cultural and geographic panorama to the International students. 45 students joined this tour and were immensely fascinated by the beauty of the Lonar crater. They also got to know the historical and mythical references associated to it.
