(As per NEP -2020)**

## **Forward by the Dean, Faculty of Humanities**

### **From the Desk of the Dean:**

National Education Policy 2020 has been announced on 29.07.2020. NEP 2020 proposes a new and forward-looking vision for India's Higher Education System through quality universities and colleges. Its key is in the curriculum and its practical implementation.

The curriculum must be exciting, relevant, and regularly updated to align with the latest knowledge requirements and meet specified learning outcomes. High-quality pedagogy is necessary to impart the curricular material to students successfully; pedagogical practices determine the learning experiences provided to students, thus directly influencing learning outcomes. The assessment methods must be scientific, designed to improve learning continuously test the knowledge application.

The university's proper framing and development of syllabi will result in the upbringing and nourishment of multidisciplinary and holistic citizens. Emphasis is on outcome-based learning. Every course has well-defined objectives and outcomes. The assessment guidelines also provide clarity and precision to the vision behind prescribing the particular course content.

NEP foresees more vibrant, socially engaged, cooperative communities and a happier, cohesive, cultured, productive, innovative, progressive, and prosperous nation. The introduction of Research Methodology and ethics will widen the vision and broaden the perspectives of the learners.

Introducing Case Studies and Field Projects has created a unique opportunity for the higher education institute to bridge the gap between the academia, industry and the community NEP believes effective learning requires a comprehensive approach that involves an appropriate curriculum, engaging pedagogy, continuous formative assessment, and adequate student support.

We are sure that the Graduate centers of this university and its affiliated colleges will implement the course effectively and successfully, resulting in a healthy and more creative academic ambience.

## **From Desk of Chairman, Board of Studies of the Subject Political Science**

### **Preamble:**

Education is a critical process for realizing one's full potential, creating a more just and equal community, and advancing national progress. In terms of economic growth, social fairness and equality, scientific advancement, national integration, and cultural preservation, ensuring universal access to high-quality education is critical to India's continuing rise and leadership on the world arena. In this context, the politics and political science is related with the life of every human being of the India. Every citizen of India must know the need, role and importance of curriculum of political science. Political Science as a discipline of Social Science, it deals with understanding the social structures and methods used to manage a Government or State. It also encompasses the Historical, Philosophical, Constitutional, and Legal foundation of the political system. It further provides scope to identify the political values and ideas, governing institutions and their policy making process. The subject increases the ability to address the functions and processes of government and politics in State, National and International levels. It ensures that students acquire citizenship skills and engage as active citizens by appreciating human diversity. This subject is interdisciplinary by nature and draws upon other social disciplines or branches of knowledge and there by influenced by them in many ways. This branch of Social Science makes able to every citizen of nation to know about the loopholes in the political system as well as the roles of political parties and political leaders in the overall development of the nation and helps to criticize and suggest some new ideas and ways to formulate an adequate democratic political system.

This curriculum is helpful to make the students able to acquire the knowledge about its different streams like, Political Economy, Political Geography, Political Sociology, Political Psychology, and Political Anthropology. The curriculum of Political Science is organized in a systematic manner to facilitate students to have an understanding of political ideas, terms and terminologies, theories, ideologies, institutions, policies, systems, processes, and behavior, as well as groups, classes, government, law, peace and war which are the bedrock of human society and polity. The contents enrich student's writing, communication, data analysis skills and also develop knowledge about current, future and past political events across the world. An earnest effort is directed towards laying the foundation for a serious engagement with the discipline and developing competencies that prepare students for higher education, learning, and acquiring knowledge about constitution as well as Indian Political System and its role in the development of citizens. Finally this branch of knowledge includes the curricular aspects related with the election process and system, electoral reforms, electoral politics.

I, as Chairman, Board of Studies in Political Science Swami Ramanand Teerth Marathwada University Nanded, happy to state here that, Program Educational Objectives were finalized in a meeting where more than 11 members from different institutes were attended, who

were either Heads or their representatives of Political Science Department .The Program Educational Objectives finalized for undergraduate in Political Science are listed below;

### **Program Objectives in Political Science**

- To understand the importance of concepts and research techniques in Political Science.
- To familiarize the students with the basic ideas thoughts and theories in Political Science and applied theories of political science.
- To help them to understand and make distinction among Political Science and help them to understand the importance of in the national and global contexts.
- To help them to understand the emergence, and growth of modern States and give them an idea of their functioning and relate them to the political realities.
- To equip them to critically relate the theoretical aspects of Political Science to the Socio-Economic and Political facts of our times.

### **Program Learning Outcomes in Political Science:**

At the end of the successful completion of the course, the students will be able to-

- To acquire domain interdisciplinary knowledge through the discipline of Political Science.
- Study and analyze political contexts from critical and constructive prospective.
- Have a better understanding of the working of various political institutions (including Decentralized institutions (LSG) state legislatures and parliament) and relate this functioning to the greater cause of nation building as a responsible citizen.
- Assess how (to) global, national and regional development affect polity and society.
- To gain/achieve critical thinking and develop the ability to make logical/rational inferences about socio-economic and political issues, on the basis of comparative and contemporary Political discourses in India and Global.
- Thinking about national and international issues involving States having various political ideologies and historical contexts.
- Pursue higher education such as Post Graduate Studies and Research in Political Science and in other interdisciplinary areas to provide qualitative insights to create a better world.

In addition to above more program educational objectives of their own may be added by affiliated Institute. In addition to Program Educational Objectives, for each course of undergraduate program, objectives and expected outcomes from learner's point of view are also included in the curriculum to support the philosophy of outcome based education. I believe strongly that small step taken in right direction will definitely help in providing quality education to the stake holders.

## Exam Pattern

---

### OPTIONAL /MINOR Exam Pattern

C.A.	-	20 Marks
		(Test I for 20 Marks, Test II for 20 Marks, One Assignment for 20 Marks and Average of Test I + Test II + One Assignment for 20 Marks)
ESE -		80 Marks
		(University theory exam for 80 Marks for descriptive Question)

---

### Generic Elective Course Exam Pattern

C.A.	-	10 Marks
		(Test I for 10 Marks, Test II for 10 Marks, One Assignment for 10 Marks and Average of Test I + Test II + One Assignment for 10 Marks)
ESE -		40 Marks
		(University theory exam for 40 Marks for descriptive Question)

---

### VSC/SEC Course Exam Pattern

C.A.	-	10 Marks
		(Test I for 10 Marks, Test II for 10 Marks, One Assignment for 10 Marks and Average of Test I + Test II + One Assignment for 10 Marks)
ESE -		40 Marks
		(University theory exam for 40 Marks for descriptive Question)

## **Guidelines for Course Assessment:**

### **A. Continuous Assessment (CA) (20% of the Maximum Marks):**

This will form 20% of the Maximum Marks and will be carried out throughout the semester. It may be done by conducting **Two Tests and one Assignment**. Average of marks scored in these two tests and one assignment of a theory paper will make CA.

### **B. End Semester Assessment (80% of the Maximum Marks):**

*(For illustration we have considered a paper of 04 credits, 80 marks and need to be modified depending upon credits of individual paper)*

1. ESE Questions paper will consists of 6 questions. Each of 20 marks for 04 Cr. pattern and 10 marks for 02 Cr. pattern. (BOS may change scheme of marking.)
2. There will be 04 sub questions, students should be write any 02 Questions No. 01 for 04 Credits Pattern & 02 Credits Pattern
3. Question No.1 will be compulsory.
2. Students are required to solve a total of 4 Questions.
4. Students need to solve ANY THREE of the remaining Five Question (Q.2 to Q.6) and shall be Based on entire syllabus.

### **C. Assessment of Term Work/ Tutorial/Field Works:**

At least 06 test / assignments covering entire syllabus must be given during the 'class wise tutorial'. The assignments should be students' centric and attempts be made to make assignments more meaningful, interesting and innovative.

Term work assessment must be based on overall performance of the student with every assignments graded time to time. The grades be converted to marks as per 'credit and grading system' manual and should be added and averaged.

### **D. Assessment of Community Engagement Services:**

Students have freedom to take more than one CC courses, however, marks of the best performing CC be considered for final assessment. Assessment of the CC courses be done by the respective course coordinators depending on the performance of the student and his participation in the international, national, state, university, college level events or camps, wherever applicable. In other cases performance of a student be assessed depending on his/her regularity, participation in the regular activities in the semester.

**Note:** Number of lectures required to cover syllabus of a course depend on number of credit assigned to it. For example, for a two credit course, 30 lectures each of one hour duration are assigned, while that for a three credit course 45 Lectures.
