Dear Sir/Madam,

A Moodle training programme will be conducted on Friday, 15 March 2019 by the Teaching Learning Centre (ICT), IIT Bombay, funded by the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT), MHRD. Details of this workshop, including registration information, are available at https://www.lt.iitb.ac.in/ nmeict/workshopContent.html?workshopid=HRw0KfnRHmrGrmNOWTJVEA. The deadline for registration is 14 March 2019, 12:30pm.

Moodle is a state of the art Learning Management System (LMS), useful for all teachers, both in higher education and also in school education. Moodle is also Free/Libre and Open Source Software (FLOSS), and hence, can be used free of cost. It is used in many colleges and schools all over the world. Moodle has been the official LMS of IIT Bombay for about 15 years.

The cost of this one day hands-on workshop is only Rs-500. One will be able to install/use Moodle immediately after this workshop. In general, equally effective Moodle training programmes require a lot more time and money. Excellent training at a low cost is brought to the public, thanks to PMMMNMTT, with support from the award winning Spoken Tutorial and FOSSEE projects, both funded by the National Mission on Education through ICT (NMEICT), MHRD.

One may undergo this training in any one of the 106 Remote Centres located across the country. The effectiveness of the proposed training method can be seen from the testimonials, available at https://spoken-tutorial.org/testimonials/media/? foss=70&page=3, wherein, social scientists explain how easy it is to learn Koha, the state of the art library management software, through the Spoken Tutorial method.

There will be two types of workshops on 15 March 2019: (1) for teachers (2) for system administrators.
AICTE desires all the institutions to share this information with the faculties and encourage them to participate.
Regards,
AICTE
